

Anno scolastico:
2022-2023

Our school, represented by 23 students, joined the 20th edition of the **Genoa Model United Nations from 23rd to 25th February 2023**. It was a great opportunity to truly get a grasp of the world of diplomacy debating in some of the most beautiful and historic palaces (**palazzo Ducale, palazzo Doria-Spinola, Camera di Commercio**).

500 students coming from 17 different schools (9 Italian and 8 from abroad: Saudi Arabia, Denmark, France, Israel, Turkey, Germany) showed great passion and interest in discussing key events of today's world. The conference title "**Echoes of our Times**" reminds us of how **interconnected our economies are**, how causes and effects resonate through time and space in the medium and long term. In such challenging and uncharted waters, **constructive dialogue** has a key role to define alternative social perspectives and new solutions to current conflicts.

Among the Agenda topics and the involved **Committees** we can mention the following as examples:

- Tracking the migrant crisis at the Darien Gap (GA: General Assembly)
- Handling civil unrest under repressive authoritarian regimes (SOCHUM: Social, Cultural, Humanitarian Committee)
- Disrupting youth terrorist recruitment through social media (DISEC: Disarmament & International Security Committee)
- Facing the consequences of cultural and religious impositions on women's rights (UN Women)
- Taking heed of the climate migration crisis (ECOSOC: Economic and Social Council)
- Managing waste disposal from new technologies (UNEA: Environmental Assembly)
- The ramifications of the Mexican war on drugs (SC: Security Council)

All conflicts, inequalities, violations of Human Rights impact on our lives and our future, either positively or negatively. **The game is ours to play: we must take action now**, be inspired by the GeMun fruitful debates and spread the news in our local communities.

The wind of change will start from this unforgettable and astonishing experience. **We are grateful to our MUN director** , Donatella Savonitto, who professionally and passionately prepared us to make the most of this GeMUN adventure. **We strongly recommend** such meaningful and inspiring **Citizenship and PCTO** project in **English** (20 hours preparation and 20 hours conference).
